Title: Divine Interruptions; The next level of faith that produces results.

Hebrews 11:1

Now faith is the substance of things hoped for, the evidence of things not seen.

Assurance

Keep believing for the assurance God is giving, it's like having an insurance policy and you pay on the policy for years and one day you are able to reap from the policy that you have paid into. God's word is true; continue in faith until it manifest. Stay before God and let him seal it with his assurance.

Habakkuk 2:2

And the Lord answered me, and said, Write the vision, and make it plain upon tables, that he may run that readeth it.

Patiently wait on your vision to come to pass, guard yourself from being proud because God gets the glory, not us. Cultivate living by faith and walk by faith. You will see according to your faith. Run with the vision! Visions come in stages and it will speak for itself according to the stages.

What age is your vision?

What stage is your vision?

Hear the instructions of the Lord; don't be too busy to not hear from God, get into a quiet place to hear from God it will save your life.

Learn how to immediately move by the direction of the Holy Spirit. Will I sabotage what is divine? We must be so in tuned with the Lord like never

before. If there is a divine interruption how are you going to handle it? We have to see how God sees instead of getting stuck. Don't get held up.

Isaiah 46:9

Remember the things I have done in the past. For I alone am God! I am God, and there is none like me.

God declares the end before the beginning, look at the end and rewind it to the beginning to walk forward. There's a process, don't get stuck during the process. We will get a glimpse of the end. The end result is about our life and what God has purposed for us. We are birthed with the purpose in our belly. Discover it, agree with it, and do it. It please God that when our purpose is fulfilled.

Jeremiah 18:15

But my people are not so reliable, for they have deserted me; they burn incense to worthless idols. They have stumbled off the ancient highways and walk in muddy paths.

What's your preference?

You have highways or pathways, don't cause yourself to stumble.

Do you want to see God's face or his back in the day of calamity?

Jeremiah 6:16

This is what the Lord says: "Stop at the crossroads and look around. Ask for the old, godly way, and walk in it. Travel its path, and you will find rest for your souls. But you reply, 'No, that's not the road we want!'

What happens when you have an emergency and you find the person with the answer to your problem and you try to connect to the person with the solution to the problem but it is intercepted and someone else get there first before you get your answer. What are you going to do?

Paraphrase

The woman with the issue of blood intercepted Jesus as he was on his way to go see Jairus. She had an emergency that was very important to her and she went to see a man she knew who could help her with her affliction. She waited for twelve years to touch the hem of Jesus garment after spending all that she had saved going to see doctors who could not help her. When she touched Jesus garment the blood dried up immediately. She had faith! Healing comes as you go, and sometimes it's immediately. She wasn't supposed to be afflicted for twelve years. Our faith demonstrates our lives, go in peace and be healed of your afflictions.

While the woman was speaking messengers arrived from the home of Jairus. They told Jairus that his daughter was dead and not to bother the teacher anymore. Jesus encouraged Jairus to have faith because he knew what it would take for the emergency. Faith!! When Jesus went to see about Jairus's daughter he took with him Peter, James, and John. Take those that believe when you go out. Do not take the doubters. The girl arose immediately and walked. How many sleeping people have we buried? During the time of sickness you need Jesus not the teacher. Go to Jesus! Don't be afraid to believe. Our faith demonstrates our lives.

Testimony of Dr. Dee Dee Freemans Women's Conference

Dr. Freeman was at the conference and she received word that her husband wasn't feeling well. While she was away ministering she stayed focused with what God has called her to do. She continued to check on her husband throughout the conference and new that there was an urgent need. Their daughter took him to the hospital and later they found out that he was gravely ill and had to be put in a induced coma for him to survive. Dr. Freeman didn't go

to anyone else, but she remembered she had made some deposits with God. She went to God and withdrew from her bank. Make some deposits, so you can draw from your bank. Dr. Freeman was able to witness to people in the cafeteria and hospital about faith. Her husband lived and knew it was because his wife was praying for him. While he was in a coma God gave him a song, which later he recorded it. This song has won Stella Awards and Grammy's and Dr. Freeman now receives royalties from the song every time someone listens to it.

God declares the end before the beginning look at the end before the beginning. Stay on the highway and off of the pathway and trenches.
